SMART ULTRASOUND

The PA10 empowers your clinical efficiency through the state-of-art performance and an intuitive user interface. The system is portable and can be used for space-constrained environments. We design the PA10 to provide simply the safety patient care and maximize your practice productivity.

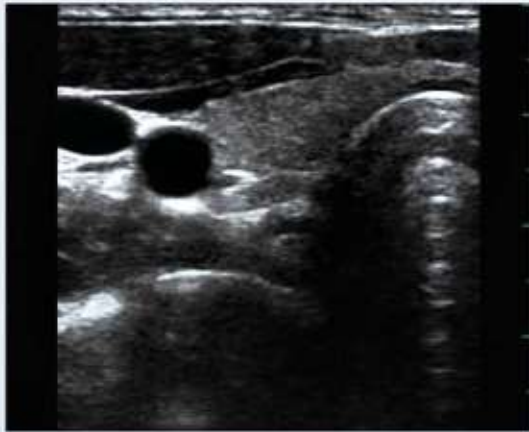

INNOVATION

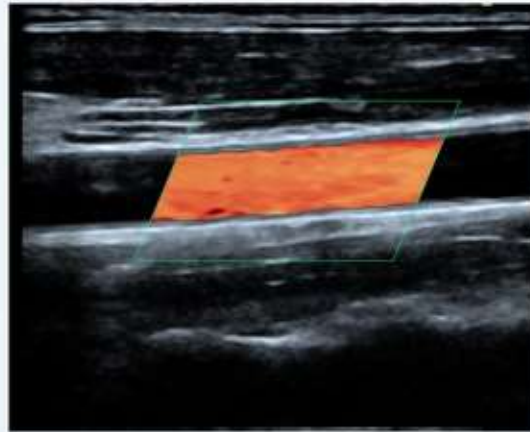

- Synchronize TX/RX synthetic beamforming
- Smart speckle reduction imaging
- Ultra-low power consumption design

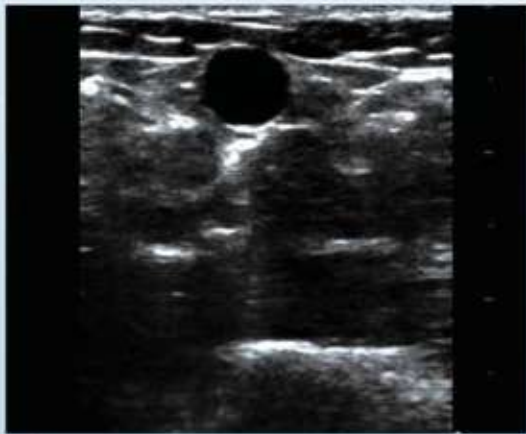

ENHANCED VISUALIZATION

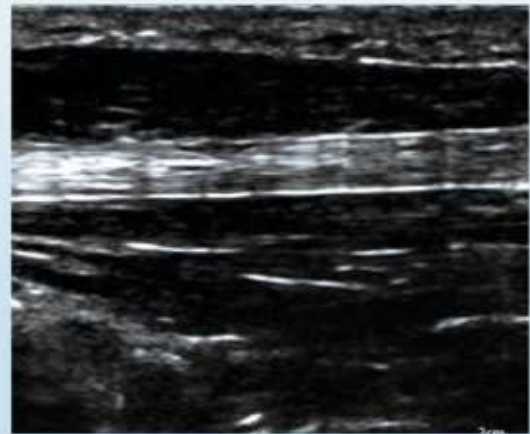

Thyroid

Carotid

Basilic vein

Tendon

Carotid

Liver

「ERGONOMICS」

- ▶ Biopsy midline and gridding
- ▶ OB measure package
- ▶ PW Doppler (option)
- ▶ Vertical or horizontal display
- ▶ Quick measurements
- ▶ Convenient annotations
- ▶ Massive image or video storage
- ▶ Patient management
- ▶ DICOM3.0

「TRANSDUCERS」

Model	Applications	
C5-2	Abdomen, OB, GYN, Urology	
L10-5	Vascular, Small parts, MSK, Nerve	
L10-5S	Vascular, MSK, Nerve
