# Specifications

## Wrapping

| | |
|---|---|
| Package size | Width: 130-380 mm (5.1-15 inches) |
| | *Height: 10-130 mm (0.4-5.1 inches) |
| | **Depth: 80-254 mm (3.1-10 inches) |
| Wrapping speed | Max. 36 packages/min. |
| Number of film roll | One roll |
| Film width | 300-450 mm (12-18 inches) |
| Film length | Max. 1,500 m (4,900 feet) |

*150mm (5.9 inches) as factory option

**The combination of maximum size of each dimensions cannot be used. The size of the package that can be wrapped also depends on the film to use.

## Weighing

| Interval type | Multi-interval | | Single interval |
|---|---|---|---|
| Capacity | Max. 3/6kg | Max. 6/15kg | Max. 30 lb |
| Scale interval | e=1/2g | e=2/5g | e=0.01 lb |
| Weighing range | 20g-6kg | 40g-15kg | 0.20-30 lb |
| Max. wrapping capacity | 5kg | 5kg | 11 lb |

## Printer and labeler

| | |
|---|---|
| Type | Thermal printer |
| Dot density | 12 dot/mm (300dpi) |
| Printing width | 40-80 mm (1.6 to 3.1 inches) |
| Printing length | 28-105 mm (1.1 to 4.1 inches) |
| Label size | Width: 40-80 mm (1.6-3.1 inches) |
| | Length: 28-105 mm (1.1-4.1 inches) |
| Label roll diameter | Max. 210 mm (8.2 inches) |
| Label roll core diameter | 76 mm (3.0 inches) |

## Operation console

| | |
|---|---|
| Display panel | TFT LCD color (15 inches) touch panel |
| Operation keys | Mechanical keys and touch screen |
| Memory for programmable files | 18GB |

## General

| | |
|---|---|
| Power source and power consumption | • 208-240V; 1Ø/3Ø; 60Hz; 2.2kVA, 2.2kW |
| | • 220-240V; 1Ø; 50/60Hz; 2.2kVA, 2.2kW |
| Dimensions | 1410/55.5(W)×1535/60.4(D)×1465/57.7(H) mm/inches |
| Net weight | Approx. 400kg/882 lb (Single Labeler Type) |
| Operation humidity | 90%RH (max.) with no condensation |

*Searching for a New Balance*

# AW-5600ATII strongly and efficiently supports the prepackaging operation and lowers total costs

The AW-5600ATII is a compact but robust weigh-wrap-label system. Super-wrap technology smoothes the prepackaging operation and reduces film consumption, drastically increases the efficiency of the total operation.

*Film stretching*

- ■ POP labeler
- ■ Bottom labeler
- ■ Twin labeler

AW-5600II

Linerless labels can be applied by all labelers, including the bottom labeler.

INGREDIENTS : POTATOES,WATER ENRICHED FLOUR,VEGETABLE, ONION SALT, FOLIC ACID, LEMON JUICE, MALTED BARLEY FLOUR, MILK, OIL (SOY BEAN OIL, CORN OIL), NIACIN (VITAMIN A B), IRON, MONONITRATE (VITAMIN B1), FOLIC ACID, RIBOFLAVIN (VITAMIN B2), HONEY, SUGAR, GARLIC POWDER, ROMANO CHEESE, EGGS, THIAMINE MONONITRATE, GREEN BELL PEPPERS

AW-5600ATII TWIN POP BP

### Labeling options

AW-5600ATII can be equipped with several labeler options.

- ■ Twin labeler
- ■ POP labeler
- ■ Bottom labeler

### Small foot print

AW-5600ATII requires a small area for installation.

### Easy film change

Easy film loading can be done from the front of the machine making operation downtime minimal.

Actual size

### User friendly extra-large 15" full color touch screen

- Preset and frequently used function keys can be assigned for quick access. Size, color and location can be changed to suit your operation.
- Label print content can be previewed on the display, helping to prevent labeling errors.
- Extremely large memory easily supports increasing need for print items.

### Super-stretch technology removes tedious adjustments

- DIGI's unique super-stretch technology allows dynamic film savings.
- AW-5600ATII automatically determines the optimum wrapping conditions required to wrap the package.
- The film will be stretched to the required size to wrap the package enabling one roll of film to cover most of the trays in a store.

### New 80mm width 300 dpi thermal head

A new 300 dpi thermal head enables clear and crisp label print. The 80mm of print width still allows large label sizes to be used for more information when needed. Head security function is equipped as standard, to prevent dot missing.

### Accurate label placement

Robot arm labeling system automatically applies labels on the trays. The position and the angle can be selected per PLU.

ex. 86mm ▶ 60mm

## Featuring linerless labeling

A new dimension for backroom operations. Eliminate liner waste and increase flexibility and profits.

30% reduction

### No more wasted white space on big labels

The auto-label-sizing feature eliminates unused space on the label and automatically adjusts the label size. This reduces the label cost and makes labels more attractive.

### Increased flexibility in label format

The auto-cut feature cuts from a continuous strip of linerless labels every time a label is printed. Variable label layouts and sizes can be printed from a single roll.
