

MOTORISED PLATE BENDING MACHINES

SRM

SRM GENERAL FEATURES AND STANDARD EQUIPMENT

- ▶ Top and bottom rolls powered by a single gearbox and gear system
- ▶ SAE 1050 quality certificated steel rolls with high tensile strength
- ▶ Cast iron main frames
- ▶ Mobile control panel by foot pedal
- ▶ Conical bending device
- ▶ Manual drop-end
- ▶ Wire grooves on roll ends

SRM OPTIONAL EQUIPMENT

- ▶ Motorised back roll adjustment
- ▶ Digital read-out for motorised back roll
- ▶ Induction hardened rolls
