Company Introduction

Sino Pharmaceutical Equipment Development (Liaoyang) Co., Ltd. (SINOPEL) is a professional manufacturer and supplier of pharmaceutical and chemical machinery and equipment in China. We belong to SINOPEC International Group.

We have a well-experienced team to manufacture pharmaceutical machinery and equipment and a professional design institute. With rich experience in pharmaceutical machinery and equipment field and numbers of professional engineers, we have designed and developed many types of machinery and equipment in many varieties.

In the past years, we have made great achievements due to our good credit and service. We have established long-term business relations with many customers and some of our overseas customers have appointed us to be their purchase agency in China. Our products are exported to many countries & areas, such as Korea, India, Indonesia, Pakistan, Thailand, Vietnam, Iran, Japan, Denmark, Romania, Bulgaria, Russia, South Africa, Nigeria, the USA, Australia, Canada, Argentina and Chile Etc. Besides machinery and equipment, we also supply production lines, turn key projects and know-how.

In SINOPEL you can get your desired goods with the best prices and good quality. We welcome your inquiries from at home and abroad

FROM:	SINO PHARMACEUTICAL EQUIPMENT DEVELOPMENT (GROUP) LIMITED
COUNTRY:	Turkey

QUOTATION:

No.	Commodity	Quantity	Unit Price	Total Price
1	SNHX-005 Automatic Strip Tube Filling Sealing Machine	1 set	USD28,800.00	USD28,800.00

1.SNHX-005 Automatic Strip Tube Filling Sealing Machine

Introduction

SNHX-005 Automatic Strip Tube Filling Sealing Machine is suitable for liquid filling strip tube products, such as biochemical with automatic filling and sealing function.

Technical Parameters

Capacity	15~20 strips/min
Filling Heads	5
Filling Range	0.3-10ml
Total Power	2.6KW
Accuracy	≤±0.5%
Power	single phase220V 50Hz
Overall Dimension	1300×1300×1950 mm
Weight	about 500 kg

Remark

1. MITCHBISHI PLC
2. WEINVIEW touch screen
3. Omron Relay
4. Stainless steel material
5. AirTac cylinder and solenoid valve

2.SNHX-05 Semi-Automatic Strip Tube Filling Sealing Machine

Model number: SNHX-05

Power source: AC220V single-phase 50/60Hz

Power: 2.6 KW

Production capacity: 6-12 rows/minute

Filling range: 1-10ml

Applicable hose: 4-5 consecutive pipes

Filling material: liquid

Working pressure: 0.6mpa (air compressor supplied by user)

Sino Pharmaceutical Equipment Development (Group) Limited

Gas usage: 0.35m /min

Filling machine: 5 piston ceramic pump

Body material: 304 stainless steel

Host size: 1300*1010*1550mm

Weight: 350KGS

Machine features:

The machine is made of manual pipe dropping, automatic filling and tail-cutting. The machine is equipped with safety device, no pipe filling, overload protection. The machine has passed CE certification, and the company operates according to ISO9001 quality system certification

Native configuration:

Cylinder: Yadeke PLC

: mitsubishi Touch

screen: Wilton

Optoelectronic switch/relay: Omron

Solenoid valve: JELPC

Ultrasonic system: digital automatic frequency recovery system

3. Automatic Plane labeling machine

- ☆ Labeling accuracy: $\pm 1\text{mm}$ (excluding product and label errors);
- ☆ Labeling speed: 40~120 pieces/minute (related to product and label size);
- ☆ Applicable product size: length: 40mm~400mm width: 40mm~200mm height: 0.2mm~130mm
- ☆ Applicable label size: length: 6mm~380mm width (bottom paper width): 15mm~130mm

Sino Pharmaceutical Equipment Development (Group) Limited

- ☆ Overall size: about 1900mm×665mm×1470mm (length×width×height);
- ☆ Applicable power supply: 220V/50HZ;
- ☆ Overall weight: about 180Kg.

Main organization configuration			Main electrical configuration		
Name	Quantity	Material	Name	Quantity	Brand
Masthead	1set	Aluminum alloy, stainless steel acrylic	Marking electric eye	1set	Sik
Adjustment seat	1set	Aluminum alloy, brass, stainless steel	PLC	1set	Panasonic
Receiving agency	1set	stainless steel	HMI	1set	Samkoon 7"
Electric box mechanism	1set	Stainless steel, aluminum alloy	Measure object electric eye	1set	Sembcorp
Adjustment mechanism	1set	Stainless steel, aluminum alloy	Traction motor	1set	Lei Sai stepper motor
Guiding agency	1set	stainless steel	Traction motor driver	1set	Lei Sai Drive
Touch screen box	1set	stainless steel	Conveying motor	1set	Chuanming frequency conversion motor
Conveying mechanism	1set	stainless steel	Conveyor drive	1set	Delixi Inverter
Other optional functions (optional price is extra)					
S.N	Name	Function	Quantity	Unit	USD
1	Ribbon coding machine	Print the production date and other information.	1	Set	550
2	Transparent electric eye	Detect transparent label sensor	1	Set	650
