TECHNOLOGY

▶ SACHET PACKER 90S5

90 pcs/min | 1-5 gr | 2.2 kW

Advanced technology for
packing powders in sachet

▶ Automation

Automated processes make it possible to achieve high productivity without compromising quality. At the same time, minimizing human error reduces the likelihood of errors and increases safety in the workplace.

▶ Efficiency

The intelligent and ergonomic design of the equipment contributes to ease of operation and maintenance. The speed of adjustment for new batches reduces downtime and ensures continuous production.

▶ Reliability

The stainless-steel equipment ensures a long service life, facilitates maintenance and cleaning, and guarantees compliance with hygiene standards.

▶ Flexibility

The volume of product filled into each stick pack is easily adjustable within a preset weight range. This allows flexible adaptation to different customer and market requirements.

SPECIFICATIONS

SACHET PACKER 90S5

Capacity (pcs/min)	90
Weight range	1-5 gr
Stick bag width	50-100 mm
Stick bag length	50-120 mm
Filling system	Screw filling
Control system	PLC (Delta) & HMI (Delta)
Sensors	Omron
Driving unit	Pneumatic Cylinders
Chassis	Stainless Steel 430
Product contacting parts	Stainless Steel 304
Stick bag type	4-sided seal
Roll width	240 mm
Roll diameter	400 mm
Compressed air	6 bar (min. 200 l/min)
Power	220 V
Installed power	2.2 kW
Dimensions (W*L*H)	900*2350*1900 mm
Weight	550 kg
Application	Spices, Coffee, Cream, Milk Powder, Powders
Optionals	<ul style="list-style-type: none">• Date coding system,• Output conveyor,• Notch for easy opening of the bag• Automatic feeding system
