Accu-Feed

Accu-Feed Feeding System

The Accu-Feed Feeding System is a high-performance solution designed for precise and efficient product handling. Equipped with at least seven servomotors and built with solid construction, it ensures robust and reliable operation. The system features FDA food grade certified tapes, a check cycle of less than 1 millisecond for production accuracy and real-time status updates, including warnings and alarms. Its vacuum function maintains product flow stability, while the stainless-steel body meets international food industry standards. The system includes customizable polyurethane tapes, narrow bend belts for compact product passes and a cooled aluminium base for stability and cooling. It also features a hygienic design with profiled stainless steel feet, easy-to-clean belt wipers, and a durable aluminium rubber drum.

Technical Features

Weight (Ağırlık) : 1700 kg

Power (Güç) : 30 kw - 45 A

Voltage (Voltaj) : 380 V (3Ph+N)

Disc Group (Disk Grubu) : 4 Pairs of discs (4 Çift disk)

Sealing Type (Yapıştırma Türü) : Cold / Hot (Soğuk / Sıcak)

Packaging Capacity (Paketleme Kapasitesi) : Up to 800 PPM

The Accu-Feed Feeding System offers precision and reliability with its solid construction and at least seven servomotors. It features FDA food grade certified tapes and a check cycle of less than 1 millisecond for accurate production.

The system ensures product flow stability with a vacuum function and meets international food industry standards with its robust stainless steel body.

Key features include customizable polyurethane tapes, easy-to-clean components and an ergonomic design. It is also designed for quick belt assembly and easy maintenance, adhering to safety standards.

Accu-Feed Besleme Sistemi, sağlam yapısı ve en az yedi servo motoruyla hassasiyet ve güvenilirlik sunar. Doğru üretim için FDA gıda sınıfı sertifikalı bantlara ve 1 milisaniyeden kısa bir kontrol döngüsüne sahiptir. Sistem, vakum fonksiyonu ile ürün akış stabilitesini sağlar ve sağlam paslanmaz çelik gövdesiyle uluslararası gıda endüstrisi standartlarını karşılar. Temel özellikleri arasında özelleştirilebilir poliüretan bantlar, temizlenmesi kolay bileşenler ve ergonomik tasarım yer alır. Ayrıca güvenlik standartlarına uygun olarak hızlı bant montajı ve kolay bakım için tasarlanmıştır.
