Cleaning Machine

Mini Mira Jet

Mini Mira Jet

The Mini Mira Jet 39 Dry Ice Cleaning Machine combines engineering and design innovations with a lightweight and compact design for easy transportation. Considering their size, they are the highest performance dry ice sprayers among existing products.

It is used in many fields, especially in food, health, space, production, energy, defense industry and various production sectors. It is a universal solution in the industrial cleaning sector with our expert staff and developing technology. It is preferred thanks to its compact design, light weight and easy portability.

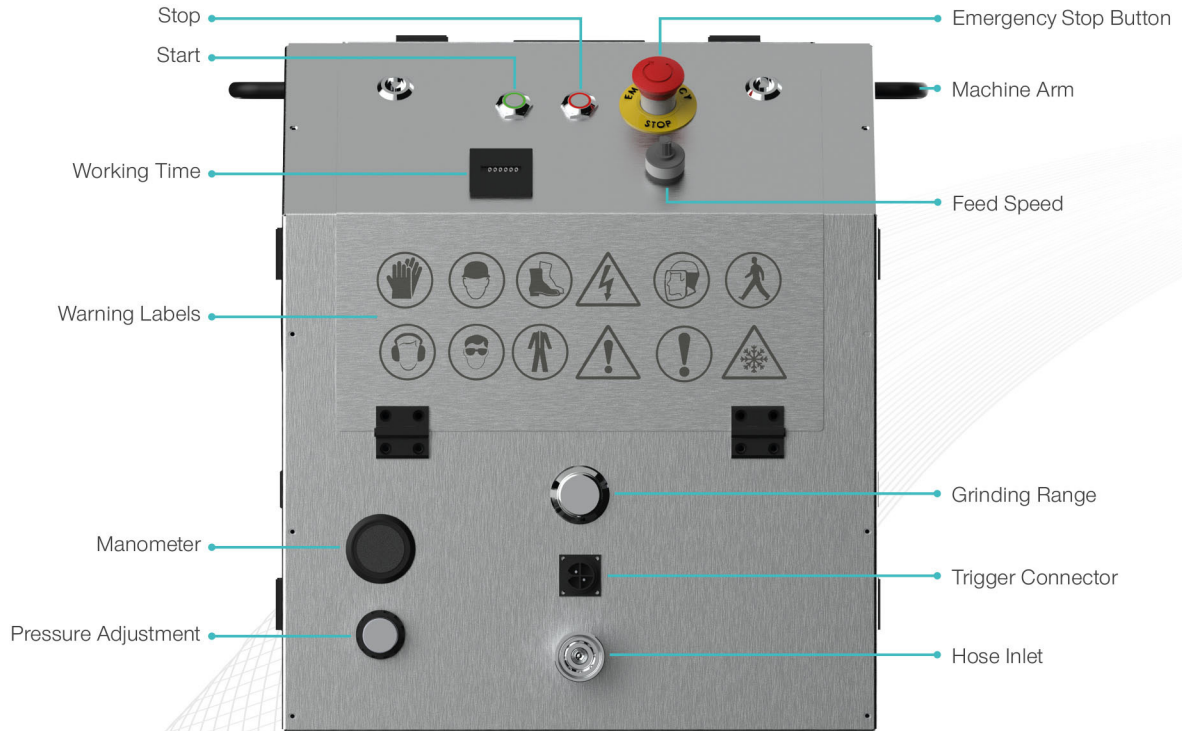

Compact

Its unique performance in the industry provides the user with a more comfortable cleaning process. It is preferred thanks to its compact design, light weight and easy portability. Designed in accordance with European standards (CE).

Optimized design provides a smooth and impact-free spray flow. It has an easy-to-use control panel. It has 5 nozzle types for comfortable use in different areas and surfaces. Ergonomic illuminated or non-illuminated gun options. We have a wide range of nozzle options for hard-to-reach surfaces.

- European Standards (CE)
- Suitable for Food and Health Industry
- Stainless Steel Body
- Compact Design
- Ergonomic Design
- High Hopper Capacity
