

AT-500B

Dry Ice

Production Machine

MULTIFUNCTIONAL

## AT-500 Series,

By taking ourselves to the next level, it combines pellet and block dry ice types produced in two separate machines into a single body with multifunctional technology. The series, which stands out with its ergonomic design and compact design: functionality, production variety and high production capacity, the series eliminates production costs, wastage of space and the need for personnel. According to the type of production in line with our customer's needs: AT-400P (Pellet), AT-400B (Block) and AT-400M (Multi).

AT-500B

# Dry Ice Production Machine

## MULTIFUNCTIONAL

- Up to 500kg of dried bananas per hour
- European Standards (CE)
- Suitable for Food and Health Industry
- Stainless Steel Body
- Start Production in a Short Time
- Machine Warning Light Indicator
- Pellet Production in All Sizes
- Customized Pellet Mold Rack
- Pneumatic Lock System
- Easy and Fast Mold Change
- Compact Design
- Closed Room Technology
- Touch Control Panel
- User Friendly Interface Design
- Language Options
- Remote Access System
- Instant Production Tracking
- Animation Machine Motion Tracking
- I/Q Module
- Tracking Approximate Values in Total Production

## Technical Information

Size (WxHxD) 2100 x 1300 x 1800mm  
Weight 1850 kg (1,850 lbs)

Screen Size 7"(Internal) - 9"-10"  
Industrial PC 10.1"-15.6"

Production Up to 500 kg/h  
Block Dimension (150x150) x 20-100 mm

Power 22 kW  
Max Current 63 A  
Noise Level Below 75 db (A)
